dozens of inspiring photographs of completed garments, Serger Secrets is guaranteed to bring out the creativity in any designer.

Gives creative suggestions for making crafts with a sewing machine, for Christmas, Easter, Halloween, and Thanksgiving

THE user-friendly reference essential for any current or prospective serger owner! Practical, easy solutions for any problem with any serger, no matter what the brand, model, or vintage. Expert-savvy, timesaving tips on serger threading, needles, threads, feet, upkeep, and much more. Comprehensive strategies that help answer "Which serger should I buy?"

Download Ebook Viking Serger Users Guide

Pucker or Puckering is the most used (abused?) term in the garment manufacturing industry. Pick up any quality controllers report, and the first thing that will strike your eye will be “ ...Puckering in armhole, ...Puckering in neckline binding, ...control Puckering in bottom hem... ” the list is endless. Buying office quality controllers are as enamoured of this term as much as manufacturers abhor it. What is it that makes it so distasteful? Why does it occur? How can it be controlled? While there are numerous leaflets, documents and articles available on pucker, we have found that the majority of them lay great stress on “ inherent pucker ” (only material parameters). In this booklet have tried to include process parameters as well as sewing of lightweight fabrics. All said and done, the problem is so intricately interdependent that exhaustive

Download Ebook Viking Serger Users Guide

compilation is well nigh impossible. We are sure this booklet will help manufacturers to understand the rationale behind this publication and we will consider our effort successful if enthusiastic readers regularly inform us about newer methods to tackle the problem.

The sewists are a new breed of designer-makers. From jewellery to bookbinding, felt craft to embroidery, screen-print to dressmaking, they encompass all areas of art and craft, and often combine techniques in new ways. Author and fellow sewist Josephine Perry has interviewed 19 designers about their working life and inspiration, and persuaded each one to part with a project for readers to make. Projects include a cameo brooch using freehand machine embroidery, a fun fur and felt creature, a circus troupe decoration, block-printed napkins,

subversive cross stitch and many more. Each project is clearly explained and includes step-by-step illustrations and specially commissioned photographs of the finished piece. Also included is a CD containing templates, stitch charts and a blouse pattern – everything you need to complete the projects in the book. Anyone who enjoys sewing and crafts, and can use a sewing machine, will relish *The Sewists*.

It's time to sew with your feet! Sewing machine attachments don't have to be scary. With *The Sewing Machine Attachment Handbook*, you'll gain the knowledge you need to conquer that box of metal and plastic. This indispensable guide will: Help you identify 25+ of the most common attachment feet and accessories with detailed illustrations and pictures, including rufflers, binders, hemmers and more Give you clear step-by-

Download Ebook Viking Serger Users Guide

step instructions for using each foot to yield the best results Guide you in choosing a sewing machine, including information on what to look for in a new or used sewing machine Whether you've just begun or are an experienced sewer, The Sewing Machine Attachment Handbook will walk you through the ins and outs of what your machine can do. So grab those feet, and start sewing!

Explains which sewing-machine accessories to use when , with the aim of saving time, creating beautiful embellishments, working with difficult-to-handle fabrics and much more. Original.

"With just a little know-how and the right accessories, you can get the most out of your sewing machine and give all your sewing and quilting projects a professional look! In Sewing Machine Magic, author
