Role & Duties of a Home Care Nurse | Work - Chron.com

Mental Health Nurses have worked within the community for many years following the mass closure of psychiatric "asylums" in the 1970's and 80s, however it is perhaps now more than ever that RMNs (Registered Mental Health Nurses) are provided with career opportunities and pathways which do not involve working in a hospital at all.

A guide to community mental health nursing

While the characteristics of a nurse can differ, there are some traits they all need in order to be successful. Here are some qualities of a good nurse that make them perfect for the job: 1. A caring nature. So, what makes a good nurse? The best nurses are those that truly, and deeply, care for the patients they work with.

The Top 10 Qualities & Characteristics Every Nurse Should ...

Our nurses who want to do a full day do about 1 SOC a day, and 2-3 other visits. Most home health nurses can do that in an 8 hour day. The way I always did my work was to spend 4-5 hours seeing patients, go home pop in a movie and finish up my SOC & paperwork. Most of the time I could do it in 8 hours. I became the SOC nurse at many places that I worked, and did 2-3 SOC's a day and then had 5 hours to finish the paperwork. I like planning care.

Home Health Nurses, how many opens and visits do you have ...

When nurses are working within a health promotion model, every interaction with a client can be an educational intervention (Rankin 2005). For example, while changing the dressing of a diabetic foot ulcer, there is the opportunity to discuss blood sugar testing and diabetic control.

The role of the nurse in health promotion - Hospital News

The funding will be given to all new and continuing degree-level nursing, midwifery and many allied health students from September 2020. It is expected to benefit more than 35,000 students every year.
