Virtualizing Desktops and Apps with Windows Server 2012 R2 ...

This book for Server 2012 (R2) gives me the comfort blanket I sometimes need when I self-teach and grow with new server releases. The only observation I would make is the subject flow: it's sequential to the extent that W. Stanek has thought about what comes first when deploying new servers and he has made a great deal out of analysis and planning prior to deployment.
